Kathleen,

We have two proposed items.

We would like a short summary of the results of the NOx RACT SIP public hearing and schedule. Proposed as Item 1.d.

Attached is status of other active SIPs (SIP List 7-12-2018) (Relates to proposed Agenda Item 2.d.). This identifies changes since June. I have proposed an item 2.d. FYI; if MDE has no comments or questions, we can skip this during the call.

Also attached FYI is a listing of future SIPs which also includes those not specifically identified in the Agenda.
